**HOW TO USE:** apply both morning and evening in the areas where needed and let it dry. For external use only

**PACKAGING:** 40 ml plastic tube, inserted in a fold box with leaflet.

**UVA BEARBERRY:**

*It contributes to the skin clearing process*

**VITAMIN E:**

*It plays an anti-inflammatory action and it is very important in the repair processes of the epithelium in presence of micro-ulcerations and inflammations*

**CHROMANYL PALMITATE:**

*It lightens and brightens the skin*

**LICORICE:**

*It has an anti-inflammatory and anti-viral action thanks to its active ingredient, Glycyrrhizin*

**MUSK ROSE OIL:**

*It provides the skin with a balanced blend of essential fatty acids that deeply nourish and hydrate the skin, adding firmness and elasticity*
