

Epi-Derma

Fast Gel

AGAINST REDNESS AND IRRITATIONS ALSO IN THE PERIANAL AREAS

PRODUCT CLASSIFICATION
Cosmetic

ACTIVE INGREDIENTS

- Aloe Vera
- Sweet Almond Oil
- Colostrum

INDICATION

Useful in case of sensitive, dry, irritated and reddened skin. It does not contain any zinc oxide, additives and allergens. Useful also for the perianal areas.

HOW TO USE

Apply directly on the affected area, once a day or more, when needed.

PACKAGING

Aluminium tube of 30 ml, inserted in a fold box with leaflet.

COLOSTRUM

It is a rich source of bioactive components, such as immunoglobulins, growth factors, telomerase and vitamins, each of them essential for the development of the immune system, to neutralize tissues damages and to increase its thickness. It has also antioxidant properties useful to protect the DNA structure from oxidative damage.

ALOE

It is a therapeutic herb that contains 75 potentially active constituents which give Aloe the capacity to fasten wound healing, to protect the skin against UV damage, anti-inflammatory, antioxidative and moisturizing properties.

SWEET ALMOND OIL

Sweet almond oil is obtained through cold pressing sweet almond seeds and is used mainly as a cosmetic, thanks to its soothing and emollient properties.
