

MARVIT®

**Laxene®** Gravidanza  
Pregnancy / Grossesse

## PROMOTES THE BALANCE OF THE INTESTINAL FLORA AND THE REGULARITY OF THE INTESTINAL TRANSIT

**PRODUCT CLASSIFICATION:**  
Food supplement

**ACTIVE INGREDIENTS:**

- ◆ Inulin 2500 mg
- ◆ Psyllium 2200 mg
- ◆ Concentrated Plum juice 100 mg

**INDICATIONS:** to regulate the intestinal transit and bacterial flora.

**HOW TO USE:** 1 or 2 sachets per day. Pour the contents of one sachet into a large glass of water, mix well and consume immediately after preparation.

**FORMAT:** 20 sachets inserted in a fold box with a leaflet.

- Gluten free
- Naturally lactose free
- Without added flavourings

### INULIN

It is a dietary fiber derived from chicory that is not metabolized by the body and, therefore, does not add calories. Thanks to its composition, it acts as a prebiotic and promotes the rebalancing of the bacterial flora by optimally regulating the functions of the intestine.

### PSYLLIUM

The seeds of this plant are indicated for the treatment of constipation because they have a mucilaginous coating capable of absorbing large quantities of water, swelling. Therefore, it promotes the regularity of intestinal transit ensuring a normal consistency and volume of the stool and carrying out a prebiotic and emollient soothing effect on the digestive system.

### CONCENTRATED PLUM JUICE

Plum juice is a natural laxative that helps regulate intestinal transit. This action is due to the fact that plums are fruits rich in fiber, but also in sorbitol, a sugar that is not absorbed by our body and which, by osmosis, draws water into the intestinal lumen.
