**IN ALL TYPES OF SLEEP DISORDERS.
NO SIDE EFFECTS, NO DEPENDENCE, NO ADDICTION,
NO COGNITIVE ALTERATION.**

PRODUCT CLASSIFICATION:
Food Supplement.

ACTIVE INGREDIENTS:

- Melatonin 1 mg
- Passionflower 10 mg
- Chamomille 5 mg
- Griffonia 3.474 mg
- Vitamin B6 0.21 mg

INDICATION: In all types of sleep disorders.

HOW TO USE: 1 tablets a day before going to sleep.

PACKAGING: 2 blister of 10 tablets each, inserted in a fold box with leaflet.

MELATONIN:

Melatonin is a physiological hormone that directly controls sleep-wake cycles. It usually decreases after 40 years of age.

PASSIFLOWER and CHAMOMILLE:

They have sedative and anxiolytic properties particularly useful for disorders related to nervous system, fatigue, stress, anxiety.

GRIFFONIA:

Thanks to its capacity to produce serotonin, it improves the mood alterations and anxious states, which are the main factors of sleep disorders.

VITAMIN B6:

It contributes to the conversion of Tryptophan in Serotonin; for this reason, it is particularly suitable, in association with Griffonia, in presence of anxiety and sleeplessness.
